SKILLS

- **Languages:** C++, Java, JavaScript, C, Python, HTML, CSS, SQL, Node Js
- **Framework:** React Js
- **Tools:** Vs Code, Figma, Mongo DB Compass, MySQL
- **Other Skill:** Data Structures & Algorithms (DSA)
- **Soft Skills:** Problem-Solving Skills, Leadership, Time Management

WORK EXPERIENCE

AI Prompt Engineer (Freelance) – Outlier

June 2025-Present

- Collaborated on advanced AI model training projects focused on improving UI design and frontend development
- Enhance AI model performance through systematic training on frontend technologies and user interface optimization
- Contribute to git repo modifications by implementing new features, debugging code, and ensuring code quality standards

Freelance Frontend Web Developer (Self-Employed)

June 2025-Aug 2025

- Built over 15 websites for clients across various industries using modern web technologies
- Specialized in Html, Tailwind CSS, PHP, and MySQL for full-stack development
- Delivered custom solutions focusing on responsive design and optimal

PROJECTS

Driver Safety Alert System

June 2025- July 2025

- Developed a real-time Eye Monitoring System to detect drowsiness and prevent fatigue-related accidents.
- Implemented Computer Vision algorithms using OpenCV for accurate facial landmark and eye tracking.
- Achieved high-precision monitoring (30fps) with real-time EAR (Eye Aspect Ratio) calculation to differentiate between blinks and drowsiness.
- Built a responsive and intuitive interface using ReactJS and Tailwind CSS to ensure smooth real-time monitoring.
- Tech: ReactJS, OpenCV, MediaPipe, Tailwind CSS, JavaScript. [\(Link\)](#)

YouTube Clone

Sep 2024 - Nov 2024

- Built a fully responsive YouTube-style video browsing platform with real-time video search, player functionality, and channel insights.
- Developed core features including video search, related video recommendations, shorts section, channel info display, and robust loading/error handling.
- Delivered a modern, scalable, and mobile-friendly interface using Vite + React and Tailwind CSS, ensuring seamless navigation across all devices.
- Tech: React.js, Vite, Tailwind CSS, Axios, Context API, YouTube Data API v3, Vercel (CI/CD). [\(Link\)](#).

TRAINING

Gokboru Tech (Edtech Company) | [Certificate](#)

Jun' 25 – Jul' 25

Frontend using React Js

- Built multiple interactive UI components using ReactJS, improving application responsiveness and reducing UI rendering time by 30%.
- Gained hands-on experience with React Hooks, state management, and component lifecycle, resulting in smoother user interactions and cleaner code architecture.
- Worked with React Router to create seamless multi-page navigation and improve user experience.

CERTIFICATES

- Cloud Computing | [NPTEL](#) November 2024
- Software Engineer Certificate | [HACKERRANK](#) November 2024
- React | [Coursera](#) September 2025

EDUCATION

Lovely Professional University

Punjab, India

- Bachelor of Technology -Information Technology; **CGPA: 7.6**

August 2023 – May 2027

J.S Bhaduariya Inter College

Auraiya, UP

- Intermediate (PCM); **Percentage: 74%**

April 2022 - March 2023

Gyan Sthali Academy

Auraiya, UP

- Matriculation; **Percentage: 91%**

April 2020 - March 2021
